CAREER OBJECTIVE

I am seeking an entry-level position at a reputable organization to apply my skills and knowledge in driving success. Committed to delivering quality work and contributing to impactful projects, I aim to grow professionally while making a meaningful impact as part of a dynamic team.

EDUCATIONAL QUALIFICATIONS

- Pursuing B. Tech in Computer Science and Engineering at Gandhi Institute for Technology, Autonomous, Bhubaneswar, and maintaining a CGPA of 7.37.
- Completed intermediate from Inter Astariya Praveshika vidyalaya Shakurabad, Jehanabad, in the academic year 2021 with 75.2%.
- Completed Matriculation from Inter Astariya Praveshika vidyalaya Shakurabad, Jehanabad, in the academic year 2019 with 76.4%.

TECHNICAL SKILL

- Front-End Development: HTML, CSS, Tailwind CSS, React Js
- Programming Languages: Python, Java, JavaScript
- Web Development Tools: Visual Studio Code, PyCharm, Git & GitHub, Figma
- Database Management: SQL
- Software: MS Word, Excel, PowerPoint
- Other Skills: DSA (Data Structure and Algorithm), MERN Stack, Django

ACHIEVEMENTS

- Certified in Django from SpringBoard Infosys, skilled in REST APIs. Built secure, scalable web apps with robust user authentication and admin functionality, showcasing full-stack development expertise.
- Completed an online Full Stack Development course from Apna College, gaining proficiency in front-end and back-end development using the MERN stack with skills in building and deploying full-stack applications.
- Complete an online course on DSA using Python from PW Skills, gaining Proficiency in oops concepts and different data structures.

SEMINARS & WORKSHOPS

- Successfully Completed a certification in Introduction to Cloud Computing from IIG Versity, covering foundational cloud concepts in a 4-hour workshop. Gained insights into cloud infrastructure, deployment models, and essential services for scalable applications.

PROJECTS UNDERTAKEN

- **Bank Management System**

Developed a console-based Bank Management System in Core Java during my training at the Central Tool Room and Training Centre (CTTC), Bhubaneswar. The system included features like account management, transaction handling, balance inquiry, and file-based data storage. This project strengthened my skills in Object-Oriented Programming (OOP), exception handling, and designing user interactions through a console interface. Adaptability and Continuous Learning

- **E-commerce Platform Development**

At Technoboot Pvt Ltd, I gained industrial knowledge and hands-on experience developing a MERN Stack (MongoDB, Express.js, React, Node.js) E-commerce platform. The project included essential features such as user authentication, product listings, shopping cart functionality, order management, and payment integration. This experience enhanced my skills in full-stack development and building robust, user-centered web applications.

- **Personal Portfolio Development**

Developed a professional personal portfolio website using Tailwind CSS, emphasizing a responsive, mobile-first design to effectively showcase my skills, projects, and achievements. Utilized Tailwind's utility-first approach for efficient styling and included dynamic project sections with detailed descriptions and live demo links.

STRENGTHS

- Self-Motivated
- Teamwork and Collaboration
- Adaptability and Continuous Learning

HOBBIES

- Watching Movies
- Travelling
